

MSH

September 18, 1918.

Mr. Ernest P. Walker,
Inspector, Alaska Service,
Juneau, Alaska.

As early as possible send in a list of fishery operators in southeastern Alaska. This information is necessary in order that blanks may be mailed for statistical returns of business conducted during the season of 1918. Be sure to indicate clearly the mailing address of each company or individual listed. Also state number of plants operated, if more than one.

H. M. Smith.

Commissioner.
